DETAILED ACTION

Allowable Subject Matter

1. Claim 1 is allowed.
2. The following is an examiner's statement of reasons for allowance: Prior art fails to teach or suggest a radio wave system for repelling birds from an aircraft flight path, wherein a directional radio wave transmitting rod and transmitter are mounted to front of an airplane, and upon activating a toggle switch to an "ON" position, radio wave signals, in the shape of a cone, are transmitted forward of the airplane, having a frequency known to be avoided by birds so as to divert their flight path away from that of the plane. Prior art only shows such systems on the ground, such as near runways or control towers, or in the form of flashing lights mounted to the aircraft, but not the system disclosed and claimed by applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to George A. Bugg whose telephone number is (571) 272-2998. The examiner can normally be reached on Monday-Thursday 9:00-6:30, and every other Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Daniel Wu can be reached on (571) 272-2964. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
